

Preston Parish for the Under 10's

Our Parish - Our Future - Our Say

Do you know that someone who lives in a Parish is called a parishioner or a resident? You belong to the youngest group of parishioners who live in the Parish of Preston. Most residents live in the village but as you can see on the map the Parish of Preston is much bigger than just the village.

The older members of your family have been asked to answer some questions about Preston. We thought you might like to join in too! Please write or draw something that you like about living in Preston. You could do both if you want to.

If you would like to share your writing or picture, it can be shown on the Preston Parish Neighbourhood Plan website. All you need to do is to ask an adult to bring you to the community book swap at the Village Hall, on Saturday 4th of February, between 10:00 and 11:00 o'clock. A copy of your picture will be taken so that you can keep the one you have drawn. It is up to you and your parent or guardian if you want to put your name and age on your drawing.

We love 'Spot the Difference' - do you?

There are five **5** changes in these two **2** pictures of one of Preston's summer residents.

Can you find them all?

There will be more 'Spot the Differences' and puzzles for all the family on our website

www.preston-np.org.uk

Don't forget that you can bring a book or dvd to change at the community book swap. You don't need to bring one, you can choose a book or dvd to borrow anyway!

Hope to see you on Saturday the 4th of February...
